Material overview

What you need

Product	Article no.	Quantity
FIMO® soft 8020 Oven-bake modelling clay - Single product white	8020-0	1
FIMO® effect 8020 Gemstone Oven-bake modelling clay - Single product gemstone blue ice quartz	8020-306	1
FIMO® 8700 04 Blades - Blistercard with mixed blade set, 3 pieces (1 rigid, 1 flexible and 1 serrated blade), 2 rubber grips	8700 04	1
FIMO® 8700 05 Acrylic roller - Blistercard containing an Acrylic roller	8700 05	1

Additionally required:

Needle, baking paper, template, cutter, earring studs, super glue, sharp knife

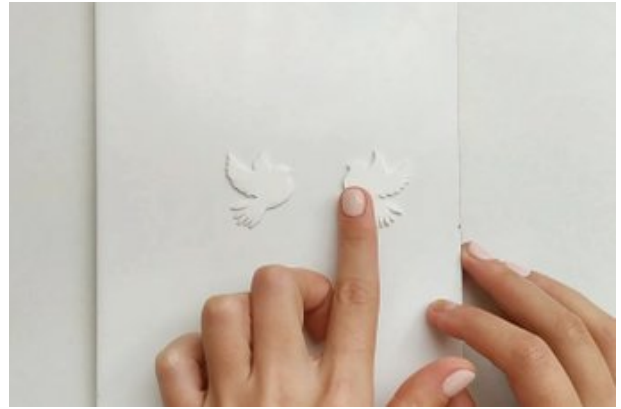

Step-by-step tutorial

Roll out half a block of FIMO soft in white with an acrylic roller. Cut out the dove template and place it on the FIMO soft sheet and roll over it with an acrylic roller. Use a sharp blade to cut out two doves.

2

After you have cut out the doves, lightly press your fingers along the edges of the doves to smooth them.

3

Use a needle to imitate the feathers on the wings and tail.

4

To create mini flowers, use a simple wooden toothpick and FIMO effect in rose quartz and blue ice quartz. Cut small pieces from each color and roll out small balls. Put the ball on a toothpick and roll it out with scrolling movements to get a hollow droplet.

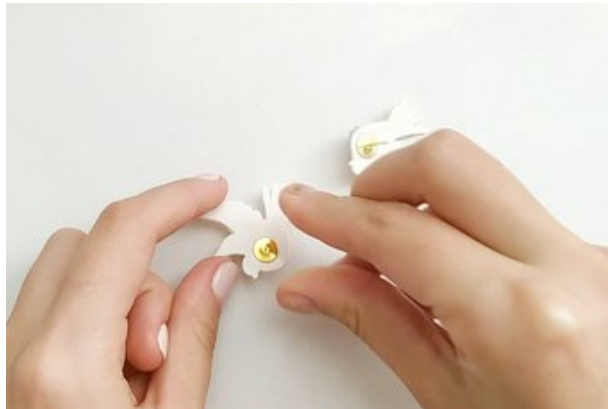

5

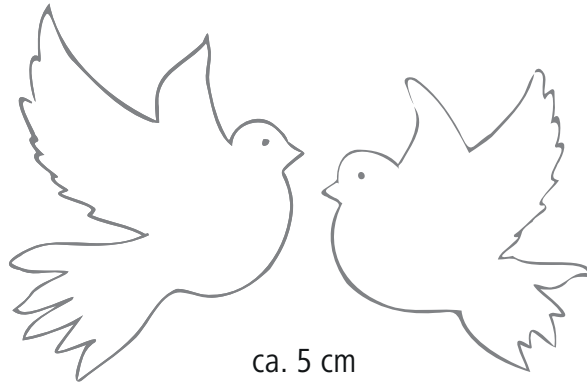

Use a very sharp knife to divide the droplet into four even parts - this will be a mini flower.

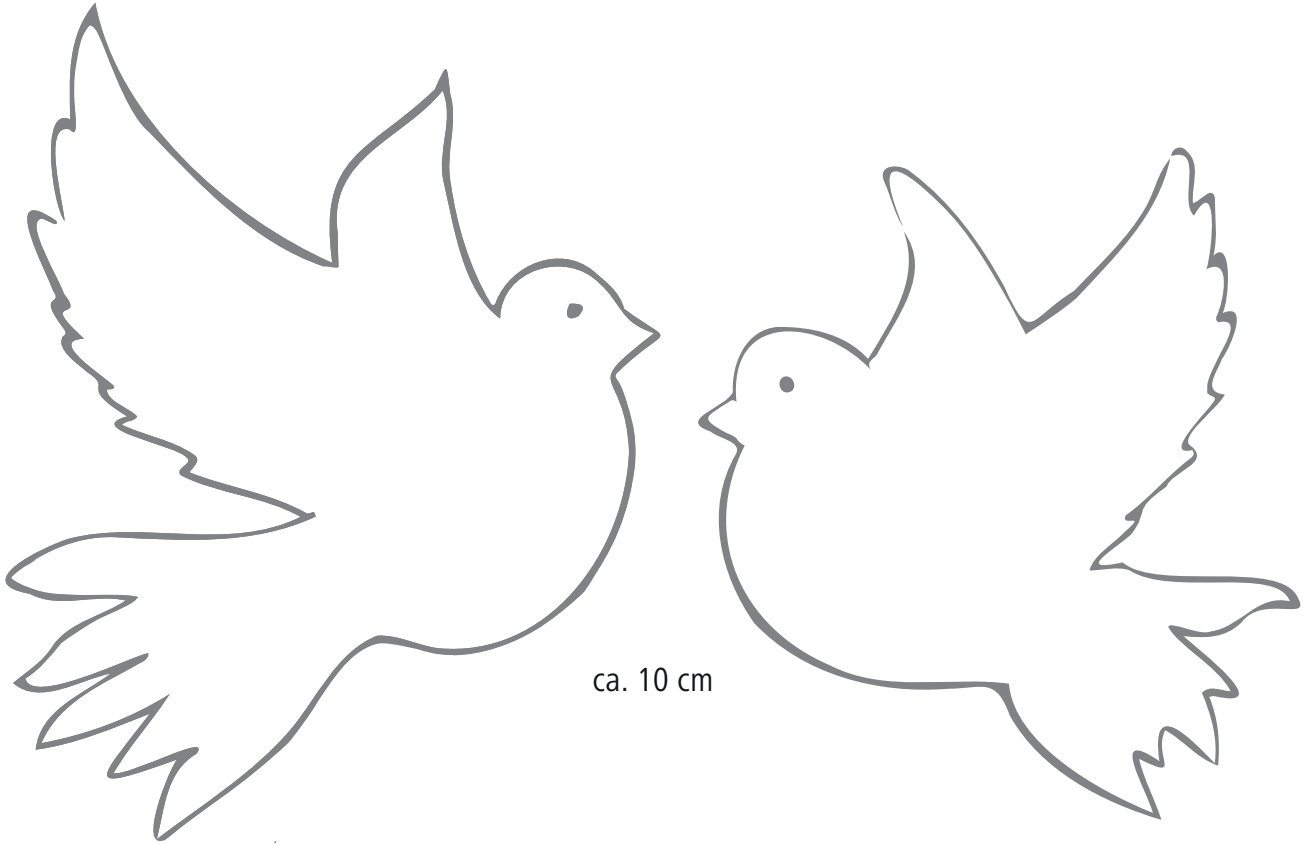

Place the mini flowers in the center of the dove alternating shades of colors. When you're happy with your design, harden the doves in the oven for 30 minutes at 110 ° C / 230 ° F.

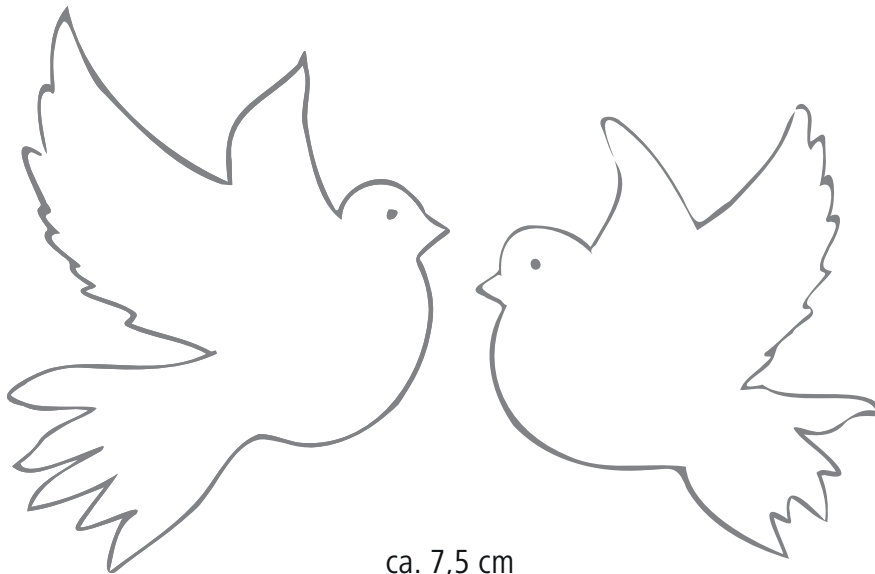

After hardening, allow the doves to cool completely. Then attach the earring studs to the doves using super glue.
